

# FLOTATION SUPER ALL TERRAIN

## THE TURF IS GREENER ON THE FIRESTONE SIDE.

The Flotation Super All Terrain turf tire incorporates the latest technologies, manufacturing techniques and engineering available to make it one of the most “turf-friendly” tires available.

Every detail – the advanced tread design, tread depth, tire shape and more – is engineered to deliver the best ride, the most flotation and least turf disturbance to deliver the most beautiful, healthy turf possible.

And ask about our Intelligent Tire Engineering™ solution. This is our patent-pending solution that offers several popular sizes of industrial and turf tires that can fit the same wheel. ITE means you can change your mind without changing your wheels.

Ask your Firestone tire dealer or implement dealer about this exclusive tire system.

Tire Size	Load Index/Speed	Design Rim Width (in)	Approved Rim Width (in)	Overall Width (in)	Overall Diameter (in)	Bar Height (in)	Load & Inflation (lbs/psi)	Tire Weight (lbs)
<b>TUBELESS</b>								
215/65D14	91 A3	7.00	6.00, 7.00	8.3	25.00	0.31	1390 @ 23	20.6
265/55D16.5	94 A8	8.25	8.25	10.1	27.90	0.32	1480 @ 29	30.4
320/55D16.5	100 A8	9.75	8.25, 9.75	12.3	29.72	0.35	1760 @ 23	44.6
380/70D19.5	122 A8	11.75	11.75	14.9	40.28	0.5	3300 @ 23	90.8
460/60D24	128 A8	15.00	13.00, 15.00	18.1	45.70	0.53	3960 @ 23	122.7

Tread curvature delivers optimum turf contact

Regardless of tire size, tread elements and void areas are consistent – reducing turf destruction

Internal belts maintain a turf-friendly tread profile to minimize soil compaction

Tires are “pre-stretched” for consistent tire shape and size: critical for MFWD tractors
