Farming has few guarantees. This is one of them.
TIRES COVERED
This Limited Warranty covers all original-tread Firestone brand radial agricultural tires, including “Destination Farm” and “Destination Turf” tires but excluding “Performer EVO” tires, purchased or manufactured after June 1, 2018 (except tires made for or used in pulling contests), if they are used in normal agricultural service. It does not cover tires marked “NO ADJ” or “NA” (non-adjustable) or tires not containing the Firestone serial number. Tires branded DT (damaged tire) are not adjustable for appearance. Tires are adjustable for ride-related conditions only during the first six months of service and up to 1/32nd of an inch of tread wear.

WHAT IS WARRANTED
If, before wearing down to 2/32nds of an inch of tread or bar depth remaining, any tire covered by this Limited Warranty becomes unusable for any reason within the manufacturer’s control, such tire will be replaced with an equivalent new Firestone tire on the basis set forth in the section titled “Limited Warranty Period and Pro Rata Percentages” on the following page. Some examples of causes or conditions normally beyond the manufacturer’s control are:

1. Field or road hazards or stubble damage (e.g., cut, snag, puncture, stubble damage, impact break, tear or chunk in tread, bar or shoulder);
2. Apparent overload or improper inflation pressure or abuse;
3. Wheel misalignment, rim slip, tire/wheel assembly imbalance, mismatching of adjacent tires, or other vehicle conditions, defects or characteristics;
4. Conditions caused by land-leveling or earth-moving operations;
5. Improper repair or improper insertion of sealant, balancing or filler materials;
6. Intentional alteration of either the appearance or the physical characteristics of the tire;
7. Mounting damage or conditions caused by aging or improper storage; and
8. Failure to observe any of the “Owner-User’s Obligations” items listed elsewhere in this publication.

This Limited Warranty is in addition to, and/or may be limited by, any other applicable written warranty you may have received concerning special tires or situations.

**LIMITED WARRANTY PERIOD AND PRO RATA PERCENTAGES**

During the first two years of service (proof-of-purchase must be attached to claim form), if the tire is worn less than 25%, the tire will be replaced without charge including normal mounting and service charges.

After the free replacement period, the replacement price will be prorated based on years of service from the original purchase date (proof-of-purchase must be attached to claim form, or if proof-of-purchase is not available or if tire was not purchased new, then based on years from date of manufacture, which is molded into the sidewall of the tire), as set forth on the following page.

LIMITED WARRANTY FOR
AGRICULTURAL RUBBER TRACKS

tracks covered
This Limited Warranty covers all new Firestone-branded Agricultural Rubber Tracks, used in normal agricultural service, when purchased from a Bridgestone Americas Tire Operations, LLC (BATO) authorized dealer or distributor (the “Covered Ag Tracks”).

what is warranted
Subject to the terms, limitations and exclusions of this Limited Warranty, BATO warrants to the original end user of the Covered Ag Tracks that if the track becomes unusable for any reason within the manufacturer’s control within forty-eight (48) months from the date of purchase or 4,000 hours of operation, whichever occurs first, such track will be replaced with an equivalent new Firestone-branded Agricultural Rubber Track on the basis set forth in the section on page 41 titled “Limited Warranty Period and Pro Rata Percentages.”

what is not warranted
1. Any damage occurring in shipment.
2. Any damage caused during installation.
3. Normal wear and tear.
4. Tracks used for any non-agricultural or industrial applications or services.
5. Any damage caused by or attributable to improper undercarriage maintenance, or use of undercarriage components or other components that are not original-equipment-manufacturer (OEM) specification.
6. Any damage caused by use of the Covered Ag Tracks on a gear-tooth drive system (positive drive system).

Limited Pro Rata Warranty – Agriculture Use for Firestone-Branded Agricultural Rubber Tracks Effective July 1, 2015
7. Any damage caused by or attributable to unauthorized alterations, modifications or repairs (including without limitation any modification or replacement of guide blocks, tread bars, lugs, or other parts or accessories), or failure to comply with BATO recommendations on use or maintenance of the Covered Ag Tracks.

8. Any damage caused by use in inappropriate environmental conditions, or any other use outside of BATO’s recommendations or specifications.

9. Any damage caused by accident, misuse, abuse, overload, sabotage, neglect, mishandling, misapplication, faulty installation, or Acts of God or nature or other factors beyond BATO’s control.

This Limited Warranty only covers Covered Ag Tracks that are unserviceable or unusable, and does not cover minor cosmetic deficiencies such as surface cracks, splits and other superficial distress that may impact track appearance but do not render the track unusable or measurably diminish overall life.

This Limited Warranty does not cover the cost of removing the Covered Ag Tracks or installing a replacement product.

**WARRANTY CLAIMS PROCEDURE**

Warranty claims must be submitted with proof-of-purchase of the Covered Ag Tracks to the nearest BATO Agricultural Products location within fifteen (15) days after the date of the incident, giving rise to the warranty claim along with photographs of the damaged area. At the sole option of BATO, the Covered Ag Track must be available for inspection at the claimant’s expense. BATO, at its sole discretion, shall examine the Covered Ag Track and determine whether damage to the Covered Ag Track was a result of workmanship and, if so, determine the applicable remedy. Warranty claim forms are available from a BATO-authorized distributor or dealer.

**LIMITED WARRANTY PERIOD AND PRO RATA PERCENTAGES**

If BATO determines a Covered Ag Track is unusable due to a condition covered by the Limited Warranty during Service Months (as defined on the following page) 0 through 12 and Service Hours 0 through 1,000, and has a Tread Wear Rate (as defined on the following page) of less than 25%, the Covered Ag Track shall be replaced, without charge, by a new Firestone-branded Agricultural Rubber Track.

If BATO determines the Covered Ag Track is unusable due to a condition covered by the Limited Warranty after the 12th Service Month, 1,000th Service Hour or after the Tread Wear Rate is greater than 25%, such Covered Ag Track shall be eligible for replacement with a new Firestone-branded Agricultural Rubber Track at a prorated purchase price, calculated by the customer’s normal buying price multiplied by the Pro Rata Collection Percentage in the table on the following page. The Pro Rata Collection Percentage shall be determined using the Service Months, Service Hours or the Tread Wear Rate, whichever produces the greater Pro Rata Collection Percentage.
For the purpose of this Limited Warranty, (i) the “Service Month” means the period from the date of purchase (proof-of-purchase required) of the Covered Ag Track by the original end user to the month in which the Warranty Claim was made; (ii) the “Service Hour” means the actual number of hours of operation from the time the Covered Ag Track has been installed on a piece of equipment; and (iii) “the Tread Wear Rate” means the percentage calculated based on the following formula, of which percentage shall be determined by BATO based on the related information of each item of the following formula:

\[
\text{TREAD WEAR RATE} = \frac{A - B}{A - C} \times 100
\]

A = “Original Tread Depth” means the depth of the tread bars of the Covered Ag Tracks, of which depth is originally designated by BATO at the time of sale.

B = “Average Measured Tread Depth” means the average of the measured depth of the tread bars of the Covered Ag Track at the time of the claim under this Limited Warranty. Measurement instructions to determine Average Measured Tread Depth can be found in the Firestone Agricultural Rubber Track Manual.

C = “Worn-Out Tread Depth” means the depth of the tread bars of the Covered Ag Track, which is designated by BATO as the limitation of use and service. The Worn-Out Tread Depth is 10 mm (0.4”) of the original tread.

Claims made under this Limited Warranty are only allowed if the Average Measured Tread Depth is higher than the Worn-Out Tread Depth. If the Average Measured Tread Depth is lower than the Worn-Out Tread Depth, the Covered Ag Track is considered worn out and is no longer usable, and a new Firestone Agricultural Rubber Track should be purchased at that time.

**CONDITIONS AND EXCLUSIONS**

Any Covered Ag Track replaced under the Limited Warranty with a new Firestone-branded Agricultural Rubber Track will be covered for the balance of the original Limited Warranty period. THIS IS THE ORIGINAL END USER’S SOLE AND EXCLUSIVE REMEDY, AND BATO’S ONLY OBLIGATION, FOR ANY DEFECTIVE FIRESTONE-BRANDED AGRICULTURAL RUBBER TRACK OR ANY BREACH OF WARRANTY WITH RESPECT TO THE FIRESTONE-BRANDED AGRICULTURAL RUBBER TRACK.

**WARRANTY DISCLAIMER. OTHER THAN THE LIMITED WARRANTY DESCRIBED ABOVE, BATO MAKES NO EXPRESS OR IMPLIED WARRANTIES, CONDITIONS OR GUARANTEES, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NONINFRINGEMENT OR FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE EXPRESSLY DISCLAIMED AND EXCLUDED.**
LIMITATION OF LIABILITY. TO THE EXTENT PERMITTED BY LAW, BATO SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, SPECIAL, DIRECT, INCIDENTAL, INDIRECT OR PUNITIVE DAMAGES, OR ECONOMIC LOSS OF ANY KIND (INCLUDING WITHOUT LIMITATION LOSS OF REVENUES OR PROFITS) ARISING OUT OF THE USE OR INABILITY TO USE THE FIRESTONE-BRANDED AGRICULTURAL RUBBER TRACK, WHETHER BASED ON THEORIES OF WARRANTY, CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, AND REGARDLESS OF WHETHER BATO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BATO’S LIABILITY FOR ANY DEFECTIVE FIRESTONE-BRANDED AGRICULTURAL RUBBER TRACK SHALL NOT IN ANY EVENT EXCEED THE PURCHASE PRICE FOR SUCH FIRESTONE-BRANDED AGRICULTURAL RUBBER TRACK.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so this limitation or exclusion may not apply to you.

Only the actual owner-user of the Covered Ag Tracks may make an adjustment claim under this Limited Warranty, and only for tracks used in the 50 United States and the District of Columbia.

Nothing in this Limited Warranty is intended to be a representation that failure cannot occur.

*Limited Pro Rata Warranty – Agriculture Use for Firestone-Branded Agricultural Rubber Tracks, Effective July 1, 2015*
TRACKS COVERED
This Limited Warranty covers new All Traction Class 5 and All Traction Class 6 Firestone-branded Agricultural Rubber Tracks purchased from a Bridgestone Americas Tire Operations, LLC (BATO) authorized dealer that are used for non-agricultural/industrial use (the “Covered Rubber Tracks”). All Traction Class 3 and All Traction Class 4 Firestone-branded Agricultural Rubber Tracks are not subject to any warranty for non-agricultural/industrial use.

WHAT IS WARRANTIED
Subject to the terms, limitations and exclusions of this Limited Warranty, BATO warrants to the original end user of the Covered Rubber Tracks that if the track becomes unusable for any reason within the manufacturer’s control within twenty-four (24) months from the date of purchase or within 2,000 hours of operation, whichever occurs first, such track will be replaced with an equivalent new Firestone-branded Agricultural Rubber Track on the basis set forth in the section on page 48 titled “Limited Warranty Period and Pro Rata Percentages.”

WHAT IS NOT WARRANTIED
1. Any damage occurring in shipment.
2. Any damage caused during installation.
3. Normal wear and tear.
4. Any damage caused by or attributable to improper undercarriage maintenance, or use of undercarriage components or other components that are not original-equipment-manufacturer (OEM) specification.
5. All Traction Class 3 and All Traction Class 4 Firestone-branded Agricultural Rubber Tracks.

6. Any damage caused by use of the Covered Rubber Tracks on a gear-tooth-drive system (positive-drive system).
7. Any damage caused by or attributable to unauthorized alterations, modifications or repairs (including without limitation any modification or replacement of guide blocks, tread bars, lugs, or other parts or accessories), or failure to comply with BATO recommendations on use or maintenance of the Covered Rubber Tracks.
8. Any damage caused by use in inappropriate environmental conditions, or any other use outside of BATO’s recommendations or specifications.
9. Any damage caused by accident, misuse, abuse, overload, sabotage, neglect, mishandling, misapplication, faulty installation, or Acts of God or nature or other factors beyond BATO’s control.

This Limited Warranty only covers Covered Rubber Tracks that are unserviceable or unusable, and does not cover minor cosmetic deficiencies such as surface cracks, splits and other superficial distress that may impact track appearance but does not render the track unusable or measurably diminish overall life.

This Limited Warranty does not cover the cost of removing the Covered Rubber Track or installing a replacement product.

WARRANTY CLAIMS PROCEDURE
Warranty claims must be submitted with proof-of-purchase of the Covered Rubber Tracks to the nearest BATO Rubber Tracks Products location.
within fifteen (15) days after the date of the incident, giving rise to the warranty claim along with photographs of the damaged area. At the sole option of BATO, the Covered Rubber Track must be available for inspection at the claimant’s expense. BATO, at its sole discretion, shall examine the Covered Rubber Track and determine whether damage to the Covered Rubber Track was a result of workmanship and, if so, determine the applicable remedy. Warranty claim forms are available from a BATO-authorized distributor or dealer.

**LIMITED WARRANTY PERIOD AND PRO RATA PERCENTAGES**

If BATO determines a Covered Rubber Track is unusable due to a condition covered by the Limited Warranty during Service Months (as defined on the following page) 0 through 12 and Service Hours 0 through 1,000, and has a Tread Wear Rate (as defined on the following page) of less than 20%, the Covered Rubber Track shall be replaced, without charge, by a new Firestone-branded Agricultural Rubber Track.

If BATO determines the Covered Rubber Track is unusable due to a condition covered by the Limited Warranty after the 12th Service Month, the 1,000th Service Hour or after the Tread Wear Rate is greater than 20%, such Covered Rubber Track shall be eligible for replacement with a new Firestone-branded Agricultural Rubber Track at a prorated purchase price, calculated by the customer’s normal buying price multiplied by the Pro Rata Collection Percentage in the table on the following page. The Pro Rata Collection Percentage shall be determined using the Service Months, Service Hours or the Tread Wear Rate, whichever produces the greater Pro Rata Collection Percentage.

For the purpose of this Limited Warranty, (i) the “Service Month” means the period from the date of purchase (proof-of-purchase required) of the Covered Rubber Track by the original end user to the month in which the Warranty Claim was made; (ii) the “Service Hour” means the actual number of hours of operation from the time the Covered Rubber track has been installed on a piece of equipment; and (iii) “the Tread Wear Rate” means the percentage calculated based on the following formula, of which percentage shall be determined by BATO based on the related information of each item of the following formula:

\]
**A = “Original Tread Depth”** means the depth of the tread bars of the Covered Rubber Track, of which depth is originally designated by BATO at the time of sale.

**B = “Average Measured Tread Depth”** means the average of the measured depth of the tread bars of the Covered Rubber Track at the time of the claim under this Limited Warranty. Measurement instructions to determine Average Measured Tread Depth can be found in the Firestone Agricultural Rubber Track Manual.

**C = “Worn-Out Tread Depth”** means the depth of the tread bars of the Covered Rubber Track, which is designated by BATO as the limitation of use and service. The Worn-Out Tread Depth is 10 mm (0.4”) of the original tread.

Claims made under this Limited Warranty are only allowed if the Average Measured Tread Depth is higher than the Worn-Out Tread Depth. If the Average Measured Tread Depth is lower than the Worn-Out Tread Depth, the Firestone-branded Agricultural Rubber Track is considered worn out and is no longer usable, and a new Firestone-branded Agricultural Rubber Track should be purchased at that time.

**PERFORMANCE REMINDER**

Overloading and incorrect air pressure are two of the greatest causes of premature tire removal. For the best performance possible, select the proper design, size and ply-rated tires for your equipment and operate the tires at the inflation pressure required to carry the working load. Detailed load and inflation tables are included in the Firestone Farm Tire Data Book and at FirestoneAg.com.

**PROPER TIRE SIZES**

Tire sizes and ratings are dictated by vehicle geometry, weight and power. Before changing tire sizes, be sure to check with the equipment manufacturer or dealer. Tire measurements and load-carrying capacities for all Firestone agricultural tires are shown in the Firestone Farm Tire Data Book and at FirestoneAg.com. These measurements are especially important when matching front and rear sizes.
