

Firestone

E67 E-3

E67

The E67 bias tire is designed specifically for scraper applications requiring extra-heavy duty performance. The unique non-directional self-cleaning tread pattern and added sidewall protection are ideal for adverse rocky environments.

SPECIALIZED FEATURES

- **Unique heavy-duty non-directional rock type tread**
- **Greater flotation, traction and stability in adverse working conditions**
- **Heavy duty sidewall protection for greater cut resistance**
